Becoming an English Solicitor

Tailored SQE Training and Services for Law Firms

**SOLICITORS QUALIFYING
EXAMINATION**

SQE PREPARATION

The Solicitors Qualifying Examination (SQE) is a single, national licensing examination that all aspiring solicitors must take before qualifying as English solicitors, regardless of their professional background and qualifications.

WHY IS THE SQE IMPORTANT TO YOUR LAW FIRM?

The SQE is administered by the Solicitors Regulation Authority (SRA), the independent regulatory body of the Law Society of England and Wales.

The purpose of the SQE assessments is to ensure that all candidates who qualify as solicitors have the knowledge, skills and ability to perform their role competently and ethically.

The SQE aims to increase consumer protection by providing greater assurance that all qualifying solicitors meet consistent, high standards at the point of admission.

THE QLTS SCHOOL PREPARATION COURSE

QLTS School offers a comprehensive, affordable and flexible preparation course for the SQE assessments.

For over a decade, we have prepared thousands of individual lawyers and candidates from the world's top law firms for the QLTS assessments, the model on which the SQE assessments are based.

The preparation course has been designed and developed in accordance with the SRA and Kaplan requirements and with the needs of the busy lawyer and modern law firm in mind.

The course is tailor-made for each candidate, and is completely flexible in study and time requirements. Your trainees can study at times that are convenient for them and your firm.

We have a proven track record of hundreds of candidates who passed the QLTS assessments on their first attempt and are now dual-qualified English solicitors. You can learn about the journeys of some of our successful candidates on our website.

While the SQE assessments differ from the QLTS, both exams are largely based on the same content, style and format. Taking the SQE preparation course with us will give your trainees the confidence they need to ensure they are fully prepared for the assessments. Your trainees will benefit from an array of advice and support that will be available to you all around the year.

By partnering with QLTS School, the trainees at your firm will receive comprehensive and effective preparation for the SQE assessments.

"We have used QLTS School for all of our QLTS needs for many years, and always received a great level service. Foreign lawyers from our firm have successfully passed the QLTS assessments after training and preparing with QLTS School."

Our SQE1 preparation course will provide your trainees with all the tools they need to succeed in the assessment.

SQE1 PREPARATION COURSE

The first of the two assessments – consisting of 360 multiple choice questions, divided into two days of examination, with 180 questions on each day.

Candidates must first pass SQE1 before attempting the practical assessment, the SQE2.

There is no standard pass mark for SQE1 – the pass mark is determined by the SRA based on the standards expected of a newly qualified solicitor.

QLTS School's preparation course package will help your candidates meet these rigorous and robust standards.
